February 2018

Focus on The Lord and His Word— Learn and Grow!

The first month of 2018 is nearly in the history books. I am reflecting on how much has been packed into January. Scheduling and holding the congregational annual meeting usually makes a full month. We remember and we seek to follow our Lord's leading into what the next year holds.

The theme we have selected focuses on placing our faith in God. We will learn and grow as we allow the Word preserved for us to make an impact on our lives. It is my prayer that each who enter this place will see Jesus and allow Him to work in their lives. It is that process that we will find a hope which is unshakable. Build on the solid foundation. Allow God to work in your lives.

February—a short month but if you observe events that happen during the month you will discover some things of value. It is a month when leaders are honored. We experience winter. Sometimes with joy. We also consider "love". Can we look at love from God's viewpoint? When we see His ways and seek to follow, then we will be the people He has called us to be and lives of those around us will be blessed.

Preaching and teaching are on my mind this month. We will learn about Daniel and in the process will learn about God's work in Daniel's time and lessons for now as we wait for the Lord to return. Read the text, listen to the sermon and discuss with others what we are learning.

Study with us on Wednesdays as we look at the early church. See the calendar for Scriptures we will be studying on Sunday and Wednesday.

Pray for one another—Life's challenges are sometimes great and when others pray it makes a difference. My prayer is that God will bless you and make you a blessing.
